Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 21 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another warm night with clear skies.

This Evening and Tonight:
Any daytime showers in the east will quickly clear to leave a dry night with mainly clear skies across the region. Patches of high cloud over the west throughout the night. Another warm night. Minimum temperature 16 deg C (61 deg F).

Thursday:
It will be another fine, dry, and bright day with plenty of lengthy sunshine and remaining hot. Maximum temperature 32 deg C (90 deg F).

Outlook for Friday to Sunday:
Another largely dry and hot day on Friday with sunny spells and some isolated showers. Rain, perhaps thundery arriving on Friday evening and into the weekend. Cooling down.
